Re: Acoustic testing of Ecophon products

This hereby testifies that the sound absorption properties of Ecophon products are tested according to EN ISO 354 in one of the following accredited laboratories:

- RISE Research Institutes of Sweden (Sweden)
- Centre Scientifique et Technique du Bâtiment (CSTB) (France)
- SRL Technical Services Limited (United Kingdom)
- Eurofins Expert Services (Finland)

All individual product test reports are available on ecophon.com/acousticweb

Thomas Roul
Product Engineer & Development Manager
Saint-Gobain Ecophon
