

# Certificate

## Indoor Air Comfort

Ecophon Opta

Certified Product

Saint-Gobain Ecophon AB

Applicant

The product complies with Indoor Air Comfort requirements, version 6.0 (2017). These include both inspections of factory production according to DIN 18200 and VOC testing according to EN 16516 and the ISO 16000 series, each in the latest versions, by an ISO 17025 accredited laboratory, at regular interval.

Indoor Air Comfort certification ensures that product emission requirements are fulfilled and it is a sign of the applicant's focus on quality and contribution to a healthy indoor environment.

Compliance with Indoor Air Comfort means compliance with VOC requirements on low emitting products of:

- France (VOC Label)
- Germany (AgBB/ABG)
- Belgium (royal decree)

Details are defined in Indoor Air Comfort requirements, version 6.0 (2017).

Certificate No.: IAC-400-11-20-2019

Date: 22 October 2019

Validity of certificate: 22 October 2024, with frequent surveillance and retesting

A handwritten signature in black ink, appearing to read "T. Neuhaus", is written over a white rectangular background.

IAC-400-11-20-2019

Saint-Gobain Ecophon AB  
Yttervägen  
265 03 HYLLINGE  
Sweden

receives the Indoor Air Comfort Gold certificate with validity 22 October 2024 for below product group, including subgroups and individual products listed in the following table:

Product group	Products
Ecophon Opta	Opta A Opta E

The products in this group are based on identical or similar recipe and are produced under equivalent conditions. Grouping of the products and inspection of the production process is part of the Indoor Air Comfort Gold certification. A worst-case product, which is representative for the whole group, is being tested frequently.
